Microsoft Windows 10	Microsoft Visual Studio 2022	Intel oneAPI 2024.0	x86-64	32 64										

Legend

- Supported Platform
- bold** - New since last release

PV-WAVE is certified against these platforms, but is expected to work with any binary-compatible operating systems (for example CentOS claims binary compatibility with Red Hat Enterprise Linux). PV-WAVE may work on similar platforms, but will be supported on a best-effort basis only
